1. Kedalion's Letter to Cannon Shareholders

4 November 2022

Dear Cannon Shareholders,

On behalf of Kedalion Nickel Pty Ltd (**Kedalion**), it is our pleasure to present you with this 100% cash Offer to acquire all of your Cannon Shares at \$0.45 cash per share.

The Offer has been unanimously recommended by Cannon's Board of Directors, in the absence of a Superior Proposal and has the support of major Cannon Shareholders representing 19.86% of Cannon's Shares on issue.

Cannon's Directors have also confirmed their intention to accept the Offer, in the absence of a Superior Proposal and also intend to exercise their Cannon Options and to accept the Offer for the resulting Cannon Shares, in the absence of a Superior Proposal and subject to their Cannon Shares being released from ASX escrow restrictions.

Our unanimously recommended Offer

The 100% cash Offer provides Cannon Shareholders with a compelling premium to the recent trading values of Cannon Shares prior to the announcement of the Offer, as well as a substantial uplift to Cannon's Initial Public Offer (IPO) price in August last year.

The Offer Price of \$0.45 per Cannon Share represents a:

- 43% premium to Cannon's last closing share price of \$0.315 on 28 October 2022, the last Trading Day before Announcement Date;
- 55% premium to Cannon's 5-day VWAP of \$0.290 up to 28 October 2022, the last Trading Day before Announcement Date;¹ and
- 58% premium to Cannon's 30-day VWAP of \$0.285 up to 28 October 2022, the last Trading Day before Announcement Date.¹

Why Cannon Shareholders should accept the Offer

This Offer provides a compelling premium to recent Cannon trading prices (as outlined above) and given the Offer consideration is 100% cash, the Offer provides all Cannon Shareholders with the opportunity, subject to satisfaction or waiver of the Conditions to the Offer, to crystallise their entire investment at a known and certain value. With Cannon being a relatively illiquid company, this is particularly important for Cannon Shareholders in volatile markets.

In addition, the Offer also mitigates the risks and uncertainties of remaining a Cannon Shareholder, including potential dilution associated with near-term capital requirements. As of 30 September 2022, Cannon had approximately \$1.1 million in cash. Kinterra Fund has provided a loan facility of up to \$1 million to assist Cannon (if required) with its funding requirements through the Offer Period.

Further detail on the Offer and reasons to accept it are outlined in this Bidder's Statement.

¹ VWAP of Cannon Shares is calculated for the period up to and including the 28 October 2022. Trading data is provided by Iress. Iress is not required to consent, and has not consented to the use of such information or references in this Bidder's Statement.

Cannon Shareholder Support

As at the date of this Bidder's Statement, Kedalion has a relevant interest in 19.86% of all Cannon Shares on issue as a result of certain Cannon Shareholders, including Cannon's largest shareholder, Ponderosa Investments WA Pty Ltd (15.4%), entering into Pre Acceptance Agreements with Kedalion.

Impact on Cannon Optionholders

Cannon Optionholders who exercise their Cannon Options and accept the resulting Cannon Shares into this Offer prior to the end of the Offer Period will receive the same \$0.45 consideration as all Cannon Shareholders under the Offer (assuming the Offer becomes unconditional). For Cannon Optionholders, this represents a 50% premium to the \$0.30 exercise price of Cannon Options.

Overview of Kinterra Group

Kedalion is indirectly wholly owned by the Kinterra Fund. Kinterra Fund is fund focused on developing the critical minerals and downstream infrastructure necessary for the energy transition. Kinterra Fund's asset manager and investment advisor is Kinterra Capital. Kinterra Capital's team has significant sector-specific investment and technical expertise, with particular experience developing and permitting nickel sulphide ultramafic orebodies, including completing permitting activities and a feasibility study at one of the world's largest undeveloped nickel sulphide projects located in Quebec, Canada. Kinterra Capital applies this expertise to create and unlock value for all of its stakeholders. The firm is relationship driven and seeks to develop long-lasting partnerships. Kinterra Capital is ideas-oriented and aims to execute with excellence, as it invests in the people and projects that will lead to a more sustainable tomorrow.

Further information

The Offer is subject to a number of conditions, including a 50.1% (on a Fully Diluted Basis) minimum acceptance condition, with further details of the Offer, including full terms and conditions, set out in this Bidder's Statement. We encourage all Cannon Shareholders to read this Bidder's Statement thoroughly and to promptly accept the Offer.

The Offer is open until 7pm (Perth time) on 21 December 2022, unless otherwise extended or withdrawn.

To accept the Offer, please follow the instructions set out in this Bidder's Statement.

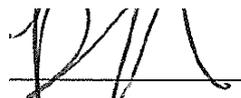

If you have any questions about the Offer, please contact the Offer Information Line during business hours on 1300 101 594 (from within Australia) or +61 2 8072 1412 (from outside Australia).

We encourage you to accept the Offer as soon as possible for the reasons set out in this Bidder's Statement.

Yours sincerely,

Cheryl Brandon

2. Why you should Accept the Offer

1.	The Offer is unanimously recommended by Cannon Directors, in the absence of a Superior Proposal
2.	The Offer Price of \$0.45 per Cannon Share represents a compelling premium to recent and historical trading levels
3.	The Offer provides certainty of value for your relatively illiquid Cannon Shares
4.	The Offer has the support of key Cannon Shareholders, together holding 19.86% of the Cannon Shares on issue
5.	The Offer mitigates the risks and uncertainties of remaining a Cannon Shareholder, including near-term requirements for additional capital
6.	No Superior Proposal or alternative offer has emerged
7.	If the Offer is not successful, the Cannon Share price may fall
8.	Risk of being a minority in a more illiquid company

Alternatively, you may wish to sell your Cannon Shares on-market, but you may be charged brokerage fees (plus any applicable GST). If you sell your Cannon Shares on-market you will not be entitled to the benefit of any price increase under the Offer, in the event that Kedalion determines to increase the Offer Price.

1. The Offer is unanimously recommended by Cannon Directors, in the absence of a Superior Proposal

The Cannon Directors unanimously recommend that Cannon Shareholders accept the Offer, in the absence of a Superior Proposal.

Additionally, Cannon Directors who own or control Cannon Shares have confirmed that they intend to accept or procure the acceptances of the Offer in respect of the Cannon Shares that they own or control, in the absence of a Superior Proposal. They also intend to exercise their Cannon Options and to accept the Offer for the resulting Cannon Shares, in the absence of a Superior Proposal and subject to those Cannon shares being released from ASX escrow restrictions.

As at the date of this Bidder's Statement, the Cannon Directors collectively own or control:

- 1.18 million Cannon Shares, representing approximately 1.37% of all Cannon Shares on issue (excluding Cannon Options); and
- 2.43 million Cannon Options.

2. The Offer Price of \$0.45 per Cannon Share represents a compelling premium to recent and historical trading levels

The Offer Price of \$0.45 cash per Cannon Share represents a substantial and compelling premium to recent trading prices of Cannon Shares and also provides a significant uplift to Cannon's \$0.20 initial public offering price in August 2021.

The chart below illustrates the premium represented by the Offer Price relative to the historical trading prices of Cannon Shares on the ASX prior to the Announcement Date:

Source: Iress as at 28 October 2022 (being the last Trading Day prior to the Announcement Date).²

² Trading data is provided by Iress. Iress is not required to consent and has not consented to the use of such information or references in this Bidder's Statement.

In addition, Cannon Optionholders who exercise their Cannon Options and accept their Cannon Shares into the Offer prior to the end of the Offer Period will receive the same \$0.45 Offer consideration as all Cannon Shareholders under the Offer (assuming the Offer becomes unconditional). For Cannon Optionholders, this represents a 50% premium to the \$0.30 exercise price of Cannon Options.

3. The Offer provides certainty of value for your relatively illiquid Cannon Shares

In addition to the compelling premium provided by the Offer, an additional and important consideration is that the Offer provides all Cannon Shareholders with the ability to crystallise their investment at a known and certain cash value (assuming the Offer becomes unconditional), which is a significant benefit in volatile markets.

Historically, the liquidity in the trading of Cannon Shares has been relatively low. In the 6 months prior to the Announcement Date, the average daily turnover on ASX of Cannon Shares was approximately \$38,000 per day and the total traded value of Cannon Shares over that same time period was only approximately \$5 million.² This total traded value over the 6 months prior to Announcement Date is equivalent to less than 20% of Cannon's undiluted and approximate \$27 million market capitalisation prior to Announcement Date.

4. The Offer has the support of key Cannon Shareholders, together holding 19.86% of the Cannon Shares on issue

As at the date of this Bidder's Statement, Kedalion has a relevant interest in 17,106,844 Cannon Shares representing approximately 19.86% of all Cannon Shares on issue. Kedalion's relevant interest is as a result of certain Cannon Shareholders, including Cannon's largest shareholder, Ponderosa Investments WA Pty Ltd (15.4%), entering into Pre Acceptance Agreements with Kedalion to accept the Offer, subject to certain conditions. Further detail on the Pre Acceptance Agreements and the Cannon Shareholders who have entered into Pre Acceptance Agreements is contained in Section 10.2 and a summary table is provided below:

Investor Name	Number of Cannon Shares entered into Pre-Bid Acceptance Agreement	% of Cannon Shares
Ponderosa Investments WA Pty Ltd	13,257,355	15.39%
Kendali Pty Ltd	1,750,000	2.03%
Longreach 52 Pty Ltd	1,750,000	2.03%
Hammerhead Holdings Pty Ltd	349,489	0.41%
Total	17,106,844	19.86%

5. The Offer mitigates the risks and uncertainties of remaining a Cannon Shareholder, including near-term requirements for additional capital

The Offer, if it becomes unconditional, removes a number of risks associated with an investment in Cannon on a stand-alone basis. When considering whether to accept Kedalion's Offer, Cannon

Shareholders should give strong consideration to some of the key risks facing Cannon Shareholders should the Offer not be successful and Cannon continues on a stand-alone basis. These include:

- Cannon's cash position has reduced to approximately \$1.1 million as at 30 September 2022. To assist Cannon with its funding requirements during the Offer Period, Kinterra Fund has made an up to \$1 million short term loan facility available to Cannon (should it be required) subject to certain conditions. Should the Offer not result in Kedalion wholly owning Cannon, it is likely that Cannon will have a near term requirement to raise equity capital to fund its ongoing corporate overheads, working capital, any further exploration at Fisher East and the repayment of any funds drawn under the Loan Agreement (for further information on the Loan Agreement see Section 5.5);
- any near-term Cannon equity capital raise will most likely occur at a discount to Cannon's prevailing share price. In this regard, it is relevant to note that Cannon's five day volume weighted average share price prior to the Announcement Date of Kedalion's Offer was \$0.290 per share. As such, any material equity capital raise will likely result in significant dilution for existing Cannon Shareholders; and
- the general risks associated with an ASX listed, single asset, junior exploration company, particularly exploration risk, market volatility, commodity price risk and access to capital on acceptable terms.

By accepting the Offer, Cannon Shareholders will receive certain value and will no longer be exposed to these risks if the Offer becomes unconditional.

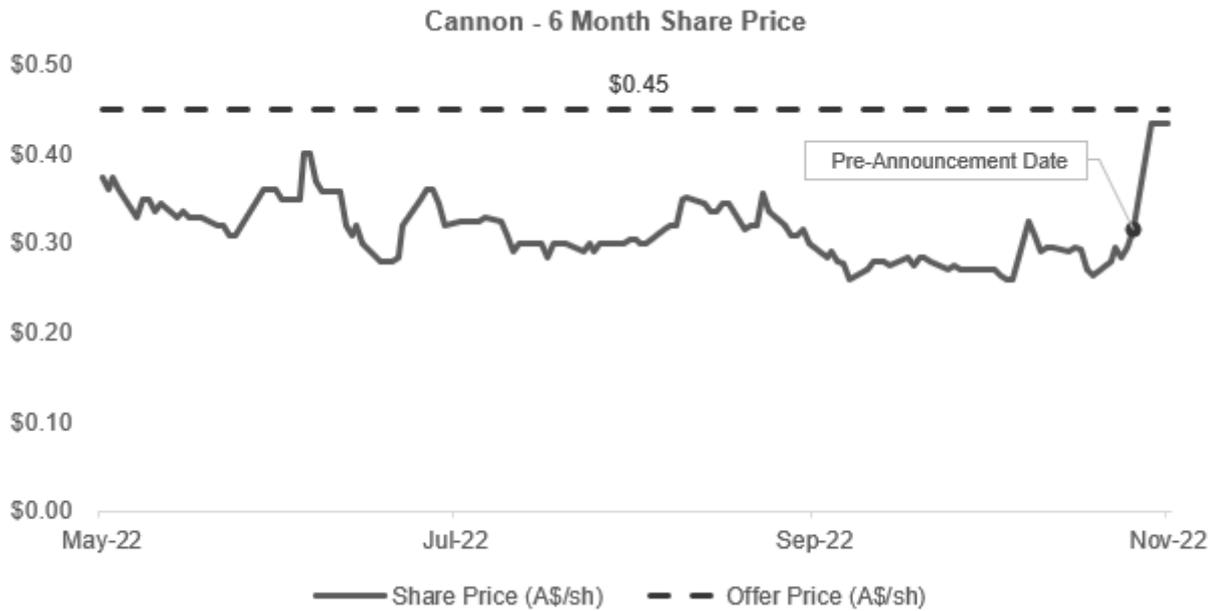

6. No Superior Proposal or alternative offer has emerged

As at the date of this Bidder's Statement, Kedalion is not aware that any Superior Proposal exists.

In addition, the BIA prohibits Cannon soliciting any third party proposals during the term of the BIA and should Cannon Directors change their recommendation in response to an unsolicited proposal, Cannon may be obliged to pay a break fee of \$450,000 to Kedalion, as well as repay any amounts Cannon elects to draw under the up to \$1 million loan facility Kinterra Fund has made available to Cannon.

7. If the Offer is not successful, the Cannon Share Price may fall

The Offer Price of \$0.45 cash per Cannon Share is approximately 43% above the last closing share price on ASX of Cannon Shares prior to the Announcement Date. Since the Announcement Date, Cannon's share price has increased 38.1% from its \$0.315 pre-Announcement Date closing share price to \$0.435 on 3 November 2022, being the last Trading Day prior to the date of this Bidder's Statement (see chart below).

Source: Iress as at 3 November 2022 (being the last Trading Day prior to the date of this Bidder's Statement).³

Should the Offer not be successful and no Superior Proposal emerges, the Cannon share price may decline, back potentially towards pre-Announcement Date levels and Cannon may need to raise significant equity capital at an even further discount, resulting in likely dilution of existing Cannon Shareholders.

8. Risks of being a minority in a more illiquid company

If you do not accept the Offer and Kedalion satisfies the 50.1% minimum acceptance condition (on a Fully Diluted Basis) but is not entitled to compulsorily acquire Cannon Shares it does not own, you will be a shareholder in a company controlled by Kedalion and which is likely to have lower liquidity on ASX than it did prior to the Announcement Date.

5.3 Cannon's principal activities

Cannon's current activities are focused on the exploration and development of nickel assets in Western Australia. Since the company's IPO in August 2021, Cannon has conducted successful exploration work at its assets which has significantly increased the JORC compliant nickel resource.

a) Fisher East Nickel Project – Western Australia (100% Cannon)

Cannon's Fisher East Nickel Project is located approximately 430 km north of Kalgoorlie and consists of eleven granted exploration licences covering a total of 330.6 km². The project has a combined JORC resource of 134.1 kt contained nickel at an average grade of 1.8%.

The project comprises four nickel sulphide deposits, Musket, Cannonball and Camelwood, Sabre, each of which are typical Archean komatiite-associated deposits having affinities with Kambalda-style Type 1 contract ores.

Camelwood Deposit

The mineralisation at the Camelwood deposit, which has 39.0 kt contained nickel, extends over several hundred metres along the basal contact. The deposit has a typical sequence of massive sulphides stratigraphically overlain by matrix and disseminated sulphides.

Cannonball Deposit

The mineralisation at Cannonball is variable, with zones of stringers, disseminated and blebby sulphides over thicknesses of 1m to 5m. Cannonball has 7.3 kt contained nickel at 2.8% Ni.

Musket Deposit

In March 2022, Cannon increased the Musket resource to 2.4 Mt at 1.9% Ni for 45.4 kt contained nickel.

Sabre Deposit

In August 2022, Cannon announced a 72% increase to the Sabre deposit resource, taking the deposit to 2.9 Mt at a grade of 1.5% for 42.3 kt contained nickel. Sabre mineralisation is interpreted to extend over 800 metres down plunge.

JORC Resources

The project has a combined 134.1 kt contained nickel at an average grade of 1.8%. To date, the mineralisation consists of massive, matrix and disseminated nickel sulphides. The project's JORC 2012 Mineral Resource Estimate is shown below.

b) Collurabbie Project – Western Australia (100% Cannon)

Cannon's Collurabbie Project, which has a JORC resource of 9.34 kt contained nickel, is located approximately 430 km north northeast of Kalgoorlie and 65 km east of the Fisher East Nickel Project. The project comprises three granted exploration licences and covers a total of 147 km².

Air core drilling in 2004 and 2005 led to the discovery of nickel, copper, and platinum group element mineralisation within the regolith profile at the project. Deeper reserve circulation and diamond drilling beneath the anomalies in 2005 confirmed the presence of massive nickel, copper, and platinum group element sulphides at the Olympia prospect.

The geology comprises a north-northwest striking greenstone sequence known as the Gerry Well Greenstone Belt. The greenstone sequence consists of felsic, mafic, ultramafic, and sedimentary units.

There are multiple nickel, copper, cobalt and platinum group element anomalous historical drill intercepts within the sills, most of which have not yet been adequately tested. Cannon is compiling geophysical datasets with a view to completing subsequent drilling and testing.

JORC Resource

A JORC 2012 Mineral Resource was estimated at Olympia in 2017 – the details of which can be found below.

As detailed in Cannon's September quarterly cash flow report, Cannon had \$1.137 million cash and cash equivalents at the end of the 30 September 2022 quarter. Under the Loan Agreement, Cannon can, subject to limited conditions including evidence Cannon is not in breach of the BIA and no event of default has occurred under the Loan Agreement, borrow up to \$1 million for the purpose of meeting agreed budgeted expenses. The maximum amount of the loan is reduced by the amount of funds received by Cannon on exercise of Cannon Options (and if already drawn must be repaid out of such receipts). The loan is unsecured and is repayable at the earlier of:

The holders of Cannon Options wishing to accept the Offer will need to exercise their Cannon Options, subject to their terms, and then accept the Offer for the resulting Cannon Shares before the end of the Offer Period.

- Kedalion's voting power in Cannon is 19.86%.

6.7 Acquisition of Cannon Shares by Kedalion and its associates

6.8 No collateral benefits or escalation agreements

Except as set out in this Bidder's Statement, neither Kedalion nor any of its associates has, during the period of four months ending on the day immediately before the date of the Offer, given, offered

or agreed to give a benefit to another person where the benefit was likely to induce the other person, or an associate of that person, to accept the Offer or dispose of Cannon Shares, which benefit was not offered to all Cannon Shareholders under the Offer.

Neither Kedalion nor any of its associates has entered into any escalation agreement that is prohibited by section 622 of the Corporations Act.

7. Kedalion's intentions

7.1 Introduction

This section 7 sets out the intentions of Kedalion relating to:

- the continuation of the business of Cannon;
- any major changes to the business of Cannon including any redeployment of the fixed assets of Cannon;
- the future employment of the present employees of Cannon and the future appointment of the Cannon Directors; and
- the compulsory acquisition of Cannon Shares and Cannon Options, and the removal of Cannon from the official list of the ASX.

The intentions of Kedalion described in this section 7 reflect the current intentions of Kinterra Fund as the ultimate parent entity of Kedalion.

Important qualifications and disclaimers regarding the intentions contained in section 7 are set out in section 7.5 and it is important to read this section 7 in that context.

7.2 Intentions if Cannon becomes a wholly owned subsidiary

Without limiting the comments in section 7.1, this section 7.2 describes the intentions of Kedalion if at the end of the Offer Period, Kedalion:

- receives valid acceptances of at least 75% (by number) of the Cannon Shares not held by Kedalion and its associates; and
- acquires a relevant interest in at least 90% (by number) of the Cannon Shares then on issue.

(a) **Compulsory acquisition of Cannon Shares and removal from official list**

If Kedalion becomes entitled to compulsorily acquire outstanding Cannon Shares and/or Cannon Options under Part 6A.1 or Part 6A.2 of the Corporations Act, Kedalion presently intends to proceed with compulsory acquisition of those securities.

In circumstances where Kedalion becomes entitled to compulsorily acquire outstanding Cannon Shares, Kedalion intends to procure that Cannon is removed from the official list of the ASX.

(b) **Cannon Board**

Kedalion intends to replace all members of the Cannon Board with its own nominees. The identity of such nominee directors has not yet been finally determined, but it is expected they will be predominantly drawn from the current directors and management of Kinterra Group.

(c) **General review**

After the Offer Period, Kedalion intends to undertake development work, permitting work and additional studies to determine the optimal development of the Key Cannon Projects (**Project Review**). The Project Review includes:

- reviewing the Key Cannon Projects' existing deposits and priorities to assess their technical prospects, costs to maintain, expenditure commitments and overall commercial justification;
- undertaking various economic studies on project development options to inform any ultimate permitting and development decisions by Kedalion;
- reviewing the options available to utilise the assets and equipment of Cannon, including potential relocations or reconfiguration of equipment; and
- progressing the Key Cannon Projects towards a development decision once all required studies and permits have been completed to Kedalion standards and reported into Kedalion's directors.

As work under the Project Review is undertaken, Kedalion will determine the level and type of financial and other resources necessary to support it.

(d) **Impact on employees**

Kedalion understands that Cannon presently undertakes its activities utilising a small number of employees as well as consultants and contractors. As part of the Project Review, Kedalion intends to evaluate the future operation and management requirements of Cannon. Kedalion has no present intention to terminate the employment of any Cannon employees but subject to the review result, adjustments to Cannon's existing workforce arrangements may be required. Should any redundancies or other changes to their employment arrangements occur, the relevant employees will be treated in accordance with their contractual and other legal entitlements

7.3 Intentions for Cannon if Kedalion acquires 50.1% or more of Cannon Shares

This section 7.3 sets out Kedalion's intentions if Kedalion has voting power in Cannon of 50.1% or more at the close of the Offer to gain effective control of Cannon, but without becoming entitled to compulsorily acquire the remaining Cannon Shares.

The ability of Kedalion to implement the intentions set out in this section 7.3 will be subject to the legal obligations of Cannon Directors (including any nominees of Kedalion) to have regard to the interests of Cannon and all Cannon Shareholders, the requirements of the Corporations Act and (provided Cannon remains listed) the ASX Listing Rules relating to transactions between related parties. The Shareholder Protections may limit or modify the implementation of the intentions outlined below. As a result of those requirements, the approval of minority Cannon Shareholders may be required for the implementation of some of the intentions outlined below.

(a) **Cannon Board**

Subject to the Corporations Act and Cannon's constitution, Kedalion intends to seek to replace some of the members of the Cannon Board. Those replacements may result in Kedalion nominees constituting at least a majority of the members of the Cannon Board. No decision has been made at this stage about the identity of the proposed nominees to the Cannon Board or which current Cannon Directors would be removed.

Kedalion would consider (but not necessarily comply with) the recommendations in the ASX Corporate Governance Principles and Recommendations when determining the composition of the Cannon Board.

(b) Listing on the ASX

Kedalion intends, subject to satisfying the relevant preconditions, to remove Cannon from the official list of the ASX.

In relation to the removal of Cannon from the official list of the ASX, ASX guidance indicates that the usual conditions that the ASX would expect to be satisfied in order for it to approve the removal of Cannon from the official list in the context of a successful takeover bid include:

- at the end of the Offer, Kedalion (and its related bodies corporate) owns or controls at least 75% of the Cannon Shares and the Offer has remained open for at least two weeks after Kedalion attained ownership or control of at least 75% of the Cannon Shares; and
- the number of Cannon shareholders (other than Kedalion and its related bodies corporate) having holdings with a value of at least \$500 is fewer than 150,

and in such case, the ASX will not usually require Kedalion to obtain Cannon shareholder approval for Cannon's removal from the official list of the ASX.

In addition, the ASX may approve an application for Cannon to be removed from the official list of the ASX with shareholder approval by special resolution and, where such removal is sought later than 12 month after the close of the Offer, Kedalion would be entitled to vote on the resolution approving the removal.

If Cannon is removed from the official list of the ASX, there may be risks related to remaining as a minority shareholder in Cannon. These include reduced or non-existent liquidity if shareholders wish to sell their Cannon Shares.

(c) Project Review and employees

If Kedalion controls Cannon following the close of the Offer, Kedalion, through its nominees on the Cannon Board, would propose that Cannon pursue the Project Review with a similar impact on employees as is outlined in section 7.2(c) (to the extent appropriate). Kedalion intends, subject to the approval of the Cannon Board and to applicable laws, to participate in the Project Review.

(d) Funding arrangements

Directors would need to decide at the time funds are required the most appropriate method of raising capital to fund Cannon's operations. While Cannon is not in the production stage (including when the Loan Agreement becomes repayable), Kedalion would anticipate that funding would most likely be way of equity raising and that subject to market conditions at the time, the information then known about Cannon and the Key Cannon Projects and proposed use of funds, Kedalion would likely wish to provide further equity capital to Cannon, however it is not obliged to do so.

(e) Further acquisition of Cannon Shares

Kedalion may, after conclusion of the Offer, acquire further Cannon Shares in accordance with the Corporations Act. In particular, Kedalion may acquire additional Cannon Shares under item 9 of section 611 of the Corporations Act, which would permit Kedalion and its associates to acquire up to 3% of Cannon Shares every six months. Kedalion has not yet decided whether it will acquire further Cannon Shares under these provisions or by any other means permitted under the Corporations Act.

(f) Compulsory acquisition at a later time

If Kedalion becomes entitled at some later time to exercise general compulsory acquisition rights under Part 6A.2 of the Corporations Act as a result of acquiring additional Cannon Shares in accordance with section 7.3(e), it may exercise those rights.

7.4 Intentions for Cannon if Kedalion acquires less than 50.1% of Cannon Shares

If Kedalion has less than 50.1% voting power in Cannon at the close of the Offer, it will not have a controlling interest in Cannon.

(a) Cannon Board

Kedalion intends to (subject to the formal requirements of the Corporations Act and of the Cannon constitution) seek representation on the Cannon Board. The proportion of Kedalion nominees sought may be at least in line with its voting power in Cannon. The identity of such nominee directors has not yet been finally determined.

(b) Active minority Cannon Shareholder

For so long as it remains a Cannon Shareholder, Kedalion intends to remain actively involved as a shareholder, aiming to influence the Cannon Board to act consistently with the intentions of Kedalion set out in section 7.3(c) to (d) above, to the greatest extent that is permitted by law.

(c) Further acquisition of Cannon Shares

Kedalion may, after conclusion of the Offer, acquire further Cannon Shares in accordance with the Corporations Act. In particular, Kedalion may acquire additional Cannon Shares under item 9 of section 611 of the Corporations Act, which would permit Kedalion and its associates to acquire up to 3% of Cannon Shares every six months. Kedalion has not yet decided whether it will acquire further Cannon Shares under these provisions or by any other means permitted under the Corporations Act.

7.5 Qualifications and limitations on ability to implement intentions

The ability of Kedalion to implement the intentions set out in section 7.3 and section 7.4 will be subject to:

- the legal obligations of Cannon Directors to act in the best interests of Cannon and all Cannon Shareholders; and
- the requirements of the Corporations Act and, while Cannon remains listed, the ASX Listing Rules dealing with transactions between related parties.

These obligations and requirements may limit Kedalion's ability to implement the intentions described in section 7.3 and section 7.4 or may require the approval of Cannon Shareholders (other than Kedalion) in order to implement these intentions.

The intentions set out in this section 7 of this Bidder's Statement represent the current intentions of Kedalion as at the date of this Bidder's Statement formed on the basis of facts and information concerning Cannon and its business which are known to Kedalion at the time of preparing this Bidder's Statement.

Accordingly, it is important to recognise that the statements set out in this section 7 of this Bidder's Statement are statements of current intention only, which may vary as new information becomes

available or circumstances change. Final decisions will only be reached in light of all material facts and circumstances. The statements in this section 7 of this Bidder's Statement should be read in this context. Any changes in Kedalion's intentions will be disclosed to the extent and in the manner required by law.

The Offer is subject to minimum acceptance condition of 50.1% (on a Fully Diluted Basis). The intentions in section 7.4 could only be relevant if Kedalion chooses to waive the Offers from the minimum acceptance condition. Kedalion presently has no intention to waive that condition but reserves the right to do so in its unfettered discretion, subject to the Corporations Act. The implementation of Kedalion's intentions in the event that Kedalion has a relevant interest in less than 100% of Cannon Shares will be subject to the level of voting power Kedalion has in Cannon and the Corporations Act (including, without limitation, those provisions intended for the protection of minority shareholders), the ASX Listing Rules, Cannon's constitution and the statutory and fiduciary obligations of the Cannon Directors at that time to act in the best interests of Cannon and all Cannon Shareholders (**Shareholder Protections**). The extent of Kedalion's ultimate shareholding in Cannon (at the close of the Offer) will determine the regulatory requirements for, and other practical matters associated with, implementing Kedalion's intentions. By way of illustration:

- If Kedalion acquires 50% or less of Cannon Shares, it may not be in a position to solely determine the outcome of ordinary resolutions (in respect of which it is entitled to vote) and so, for example, it may not be in a position to control the composition of the Cannon Board. This means that Kedalion's ability to undertake a detailed review of Cannon and its assets and liabilities may be limited, and (assuming it is able to undertake any such review) its ability to realise the proposed outcomes of that strategic review may be similarly constrained.
- If Kedalion acquires more than 50% of Cannon Shares (but less than 90%), it will be able to solely determine the outcome of ordinary resolutions (in respect of which it is entitled to vote) and will be in a position to control the composition of the Cannon Board. However, in these circumstances, the Shareholder Protections will continue to apply and again may constrain Kedalion's ability to realise the proposed outcomes of the strategic review.
- If Kedalion acquires at least 75% of Cannon Shares (but again less than 90%), it will also be able to determine alone the outcome of special resolutions (in respect of which it is entitled to vote). Such special resolutions could involve amendments to the Cannon constitution or a change to company type. However, again, the Shareholder Protections will continue to apply.
- If during, or at the end of, the Offer Period:
 - Kedalion and its associates together have relevant interests in at least 90% (by number) of all the Cannon Shares; and
 - Kedalion and its associates have acquired at least 75% (by number) of the Cannon Shares for which the Offer are made under the Offer (whether the acquisition happened under the Offer or otherwise),

Kedalion will be entitled under Part 6A.1 of the Corporations Act to compulsorily acquire all outstanding Cannon Shares and presently intends to do so. Following completion of such compulsory acquisition process, subject to the subsequent exercise of any Cannon Options, Cannon would be a wholly owned subsidiary of Kedalion and Kedalion would be entitled to exercise its rights as the sole shareholder of Cannon. However, in circumstances where a Cannon Shareholder or Cannon Shareholders held more than 10% in aggregate of all the Cannon Shares, that compulsory acquisition would not be

possible. As at the date of this Bidder's Statement, Ponderosa Investments (WA) Pty Ltd has a voting power of 15.15% and Rox Resources Limited has voting power of 9.99%, so each are individually effectively capable of blocking compulsory acquisition if they choose not to accept the Offer (subject to the potential exercise of the Cannon Options). However, Ponderosa Investments (WA) Pty Ltd has agreed to accept the offer on the terms described in section 6.7.

Kedalion will be entitled under Part 6A.2 of the Corporations Act to compulsorily acquire all outstanding Cannon Options if its voting power in Cannon is at least 90% and Kedalion holds, either alone or with a related body corporate, full beneficial interests in at least 90% by value of all the securities in Cannon (being the Cannon Shares and Cannon Options). Under the Part 6A.2 process, Cannon holders of securities being compulsorily acquired under Part 6A.2 have a right to object and if holders of at least 10% of the securities being compulsorily acquired under Part 6A.2 object, Kedalion would require court approval to complete the compulsory acquisition of Cannon Options.

Kedalion's ability, therefore, to achieve some of its intentions, including those intentions concerning project development and financing arrangements, might not be able to be realised, either at all or without the approval of Cannon Shareholders in general meeting.

As a result of the Shareholder Protections, Kedalion and its associates may also be excluded from voting on certain resolutions in general meeting, and any nominee directors appointed by Kedalion may potentially be precluded from voting at Cannon Board meetings, to the extent of any conflict of interest or material personal interest. Further, in circumstances where a minority shareholder maintains a "blocking stake" or other substantial holding in Cannon which provides them with a significant proportion of the Cannon Shares which are not held by Kedalion, then that shareholder's ability to determine the outcome of any such resolutions put to Cannon Shareholders in general meeting may be disproportionate to its holding (for example, where that shareholder's holding in Cannon is such that they alone could determine whether a resolution is passed or not, in circumstances where Kedalion and its associates are excluded from voting on that resolution).

7.6 Other intentions

Other than as set out in this section 7, it is Kedalion's present intention to procure that Cannon will:

- generally continue its business in substantially the same manner as at the date of this Bidder's Statement;
- not make any major changes to its business or redeploy any of its fixed assets; and
- continue the employment of its present employees.

8. Sources of consideration

8.1 Total cash required

The maximum amount of cash that Kedalion would be required to pay under the Offer if acceptances are received in respect of all Cannon Shares on issue as at the date of this Bidder's Statement is approximately \$38,760,000 million.

In addition, if all Cannon Options on issue on the date of this Bidder's Statement are converted or vest into Cannon Shares, an additional amount of up to approximately \$6,395,000 million would be payable.

8.2 Sources of cash consideration

Kedalion has an unconditional funding agreement in place with its parent company Terranu, which in turn has an unconditional funding agreement in place with Kinterra Fund. These funds can be drawn on short notice and will be provided by way of equity unless agreed otherwise.

Kinterra Fund has undrawn funding commitments from various institutional and sophisticated investors of substance that it will draw on to fund, through the funding agreements described above, the consideration payable by Kedalion under the Offer. These commitments are not subject to any conditions or other arrangements that will impact Kinterra Fund's ability to procure all cash amounts required by Kedalion to fund the Offer and pay associated costs, and Kinterra Fund's undrawn commitments from its investors is well in excess of the maximum consideration payable under the Offer.

8.3 Reasonable basis for belief

On the basis of the arrangements and disclosures described in this section 8, Kedalion believes that it has reasonable grounds for holding the view, and holds the view, that it will be able to provide the consideration required to satisfy its payment obligations under the Offer, as well as its costs associated with the Offer as and when they are under the terms of the Offer.

The Offer is not subject to any funding defeating conditions.

9. Australian taxation summary

9.1 Disclaimer

The information contained in this tax summary is of a general nature only. It is not intended to be either legal or tax advice and will not address all of the tax issues that may be relevant to you if you dispose of your Cannon Shares. You should obtain independent tax advice relevant to your own particular facts and circumstances including the Australian taxation consequences of accepting the Offer.

If you are not resident in Australia for income tax purposes or are liable for tax outside Australia, you should also take into account the tax consequences that arise in your country of tax residence or other relevant country as well as under Australian law.

This is a summary of the key Australian income tax, capital gains tax, GST and stamp duty implications that may arise for you if you sell your Cannon Shares to Kedalion under the Offer. This summary is based on the Australian tax laws and relevant administrative practices that are currently in force as at the date of this Bidder's Statement.

This taxation summary is relevant only to those Cannon Shareholders who are individuals, complying superannuation entities, trusts, partnerships and companies that hold their shares on capital account. This summary does not address the tax consequences of exercising Cannon Options and holders of Cannon Options should seek independent tax advice.

It is not relevant to you, and you should seek independent tax advice, if:

- you acquired your Cannon Shares under an employee share or option scheme;
- you are subject to rules that deem you to have acquired your Cannon Shares or Cannon Options before 20 September 1985;
- you are under a legal disability;
- you acquired or hold your Cannon Shares in the course of carrying on a business or for the purpose of resale at a profit (for example, you are in the business of trading or investment or you are a bank or an insurance company) or you are subject to the taxation of financial arrangements provisions in Division 230 of the Income Tax Assessment Act 1997 in respect of your Cannon Shares;
- you are an entity subject to special taxation rules, including the Investment Manager Regime, or the Taxation of Financial Arrangement rules, or you are a tax exempt organisation or superannuation fund with accounts in a tax-free pension phase;
- you are or have been a temporary Australian resident;
- you are not resident in Australia for income tax purposes but have held your Cannon Shares at any time in carrying on business at or through a permanent establishment in Australia; or
- you are not resident in Australia for income tax purposes and you and your associates held 10% or greater interest in Cannon either at the time of your CGT event or throughout a 12 month period in the 24 months before your CGT event.

9.2 Disposal of your Cannon Shares

(a) Australian tax resident Cannon Shareholders

General

If you accept the Offer and your Cannon Shares are transferred to Kedalion, this will be a CGT event for Australian capital gains tax purposes. In this event, the disposal of your Cannon Shares will have capital gains tax implications for you.

Time of CGT event

The time of your CGT event will be one of the following times:

- if you accept the Offer, your disposal should take place on the date of that acceptance; or
- if you do not accept the Offer and your Cannon Shares are compulsorily acquired (as described in section 7.2(a)), your disposal should take place on the date Kedalion becomes the owner of your Cannon Shares.

Capital gain or capital loss

You may make a capital gain or capital loss on the disposal of your Cannon Shares to Kedalion depending on the total consideration that you receive for the disposal of your Cannon Shares and the CGT cost base or reduced cost base of your Cannon Shares. You will have a capital gain from the disposal of your Cannon Shares if the Offer Price exceeds the cost base in your Cannon Shares. You will have a capital loss if the Offer Price is less than the reduced cost base of your Cannon Shares.

Generally, and subject to the comment in the paragraph below, the cost base or reduced cost base of your Cannon Shares for capital gains tax purposes will include, among other things, the amount paid to acquire your Cannon Shares and any incidental costs.

If you are subject to rules that deem you to have acquired your Cannon Shares before 21 September 1999, in calculating a capital gain, the cost base of your Cannon Shares may be increased for indexation based on the Consumer Price Index movement from your date of acquisition to 30 September 1999. Alternatively, if you are entitled to, you may choose to claim the CGT discount to reduce your capital gain (discussed below).

If you make a capital gain from the disposal of your Cannon Shares, that capital gain will be combined with any other capital gains you have made for the income year, then the total will be applied against any current year or carried forward capital losses (before taking into account the CGT discount (discussed below)).

CGT discount

You may be entitled to CGT discount treatment to reduce the amount of the capital gain included in your assessable income from disposal of your Cannon Shares. Where CGT discount treatment applies to you, any capital gain from Cannon Shares (after application of capital losses as discussed above) will be reduced by 50% (if you are an individual or a trust) or 33⅓% (if you are a complying superannuation entity) if you held Cannon Shares for more than 12 months (excluding the dates of acquisition and disposal). Any resulting net capital gain will be included in your assessable income for the income year. Any resulting net capital loss will be carried forward and may be applied against any future assessable capital gains (before taking into account the CGT discount, if applicable).

If you make a capital loss from the disposal of your Cannon Shares, that capital loss may only be offset against your assessable capital gains (before taking into account the CGT discount, if applicable). Any excess capital loss may be applied against your future assessable capital gains (again before taking into account the CGT discount, if applicable).

The CGT discount will not apply to Cannon Shareholders that are companies, and it also does not apply to Cannon Shares that have been owned, or are deemed to be owned, for less than the relevant 12 month period.

(b) Cannon Shareholders not resident in Australia for income tax purposes

If you are not resident in Australia for income tax purposes, you should generally not have to pay Australian income tax on any capital gain arising on the disposal of your Cannon Shares, unless both of the following requirements are satisfied:

- you and your associates had a 10% or greater interest in Cannon either at the time of that disposal or for at least 12 months during the 24 months before that disposal; and
- 50% or more of the value of Cannon is represented by real property in Australia (Principal Asset Test). Cannon Shares would generally pass this test if the market value of Cannon's direct and indirect interests in Australian land is more than the market value of other assets at the time of the CGT event. For these purposes, "land" includes Cannon's leases and mining rights.

If either element is absent, any capital gain realised on the disposal of your Cannon Shares should not be subject to income tax in Australia.

Where both elements are satisfied, the Cannon Shares are "indirect Australian real property interests". Non-resident Cannon Shareholders will be required to lodge an Australian tax return reporting the disposal of indirect Australian real property interests and pay tax on the net capital gain. A non-resident Cannon Shareholder who is subject to tax on the disposal of their Cannon Shares may be eligible to apply a CGT discount to part of their gain if they are subject to rules that deem them to have acquired their Cannon Shares on or before 8 May 2012. Otherwise, the CGT discount is not available for non-resident Cannon Shareholders.

9.3 GST and stamp duty

No Australian stamp duty or GST is payable by you on the sale of your Cannon Shares to Kedalion pursuant to the Offer. You may be charged GST on incidental costs incurred in acquiring or disposing of your Cannon Shares. You may be entitled to input tax credits or reduced input tax credits for such costs, but should seek independent professional advice in relation to your own particular circumstances.

10. Additional information

10.1 Bid implementation agreement

On 31 October 2022, Kedalion and Cannon entered into the BIA. This document sets out the agreed basis on which Kedalion will make the Offer and the respective obligations of Kedalion and Cannon in relation to the Offer.

The BIA was released to ASX on 31 October 2022 and a copy is available from the ASX website at (www.asx.com.au) and the Cannon website (www.cannonres.com.au).

A summary of the key elements of the BIA is set out below.

- (a) Kedalion has agreed to offer \$0.45 (less the amount or value of any rights attaching to or arising from Cannon Shares which are declared or paid by Cannon after the Announcement Date) for every Cannon Share.
- (b) The Kedalion is required to make the Offer on no less favourable to Cannon Shareholders than those agreed (which are reflected in the Offer terms).
- (c) Cannon has represented and warranted that, amongst other things:
 - i. it has complied in all material respects with all applicable laws and regulations, including continuous disclosure obligations and obligations to hold Authorisations to conduct its business.
 - ii. Information disclosed to Kedalion is accurate in all material respects, including that the securities it has disclosed are the only securities on issue;
 - iii. Cannon is the sole legal and beneficial owner of all rights, title and interest in and to the Key Cannon Projects and its assets are unencumbered;
 - iv. the Mining Tenements are in good standing under applicable law and Cannon has all of the mining tenements, permits and licenses permitting and authorising Cannon to undertake activities on the Key Cannon Projects;
 - v. no litigation or other proceedings are taking place, pending or to its knowledge, threatened which, if adversely decided could materially adversely affect Cannon or any of its exploration permits; and
 - vi. each Director has agreed with Cannon that they will resign as contemplated by the BIA.
- (d) Cannon has agreed to conduct the business in the ordinary course until the end of the Offer Period, and not to undertake acts that prevent any Condition from being satisfied or which cause a Condition to be breached. This obligation is subject to exceptions typical for a transaction of this nature.
- (e) In addition, Cannon has agreed to certain exclusivity arrangements until the earlier of the date on which the Offer Period ends, the date the BIA is validly terminated, or the date which is six months after the date of the BIA ("Exclusivity Period"). The BIA contains no shop, no talk and no due diligence restrictions on Cannon during the Exclusivity Period, some of which are subject to fiduciary exceptions as is typical for transactions of this nature.
- (f) The BIA also confers a matching right on Kedalion, under which Cannon must provide notice to Kedalion of a 'Competing Proposal' (as defined in the BIA) and allow Kedalion the right to match that

proposal. A break fee of \$450,000 (being approximately 1% of the value of the consideration offered under the Offer) is payable by Cannon to Kedalion in certain circumstances, including (non-exhaustively) if any Cannon Director changes or qualifies their recommendation of the Offer (except in limited circumstances), Cannon is in material breach of a warranty or other material obligation in the BIA, or a "prescribed occurrence" (the condition in section 11.7(b)) or "material occurrence" (the condition in section 11.7(c)) occurs without Kedalion's consent.

10.2 Pre-Acceptance Agreements

On 30 October 2022, Kedalion entered into a Pre-Acceptance Agreement with the following shareholders and Cannon Shares:

Shareholder	Number of Cannon Shares
Ponderosa Investments WA Pty Ltd	13,257,355
Longreach 52 Pty Ltd	1,750,000
Kendali Pty Ltd	1,750,000
Hammerhead Holdings Pty Ltd	349,489
Total	17,106,844

Full copies of the Pre-Acceptance Agreements are attached to Kedalion's notice of becoming a substantial holder in Cannon lodged with ASX on 1 November 2022 which can be accessed on the ASX website (www.asx.com.au).

The Pre-Acceptance Agreements require the relevant shareholders to accept the Offer in respect of the relevant Cannon Shares within 5 Business Days after Kedalion dispatches this Bidder's Statement to Cannon Shareholders, unless the relevant Pre-Acceptance Agreement is terminated prior to that time. A Pre-Acceptance Agreement can be terminated if, prior to the relevant shareholder accepting the Offer, a bidder's statement or explanatory statement for a superior proposal (as defined in the Pre-Acceptance Agreements) has been released to ASX and Kedalion does not improve or announce an intention to improve the consideration under the Offer to be at least equal to the superior proposal, and the relevant shareholder has not breached the Pre-Acceptance Agreement at that time.

10.3 Conditions to Offer

(a) Status of conditions

As at the date of this Bidder's Statement, Kedalion is not aware of any matter, fact or circumstance that would, or is likely to, result in the non-fulfilment of any of the conditions to the Offer as set out in section 11.7 .

(b) Effect of breach of Conditions

Under the terms of the Offer and the Corporations Act, all of the Conditions of the Offer can be waived by Kedalion at any time before the end of the Offer Period. If an event occurs which prevents a Condition from being fulfilled, Kedalion does not intend to make a decision as to whether it will rely on such non-fulfilment or waive the Condition until the date for giving notice as to the status of

Conditions for the Offer under section 630(3) of the Corporations Act. If Kedalion wishes to waive any Condition, then under section 650F of the Corporations Act that waiver must be announced to ASX. If any Condition of the Offer is not fulfilled and Kedalion does not waive that Condition, any contracts arising from acceptance of the Offer will become void at the end of the Offer Period.

10.4 Date for determining holders of Cannon Shares

For the purposes of section 633(2) of the Corporations Act, the date for determining the people to whom information is to be sent under items 6 and 12 of section 633(1) is the Register Date.

10.5 Documents lodged with ASIC or given to the ASX

This Bidder's Statement includes statements which are made in, or based on statements made in, documents lodged with ASIC or given to the ASX. Under the terms of ASIC Class Order 13/521, the persons making those statements are not required to consent to, and have not consented to, the inclusion of those statements, or of statements based on those statements, in this Bidder's Statement. In addition to the documents specified as a source document elsewhere in this Bidder's Statement, these are: BIA, Cannon Prospectus, Cannon Quarterly Cash Flow September 2022, most recent substantial holder notices by each substantial holder in Cannon, Cannon 2022 Annual Report, Cannon Quarterly Activities Report September 2022, Cannon Announcement – Fisher East Resource Increase and most recent Cannon Appendix 2A. If you or a Cannon Shareholder would like to receive a copy of any of those documents during the Offer Period free of charge, please email takeovers@automicgroup.com.au and it will be provided to you within two Business Days.

Kedalion was given access by Cannon to certain information concerning Cannon and its Subsidiaries which has not been disclosed publicly. This information allowed Kedalion to confirm information which has been publicly disclosed by Cannon.

None of the information to which Kedalion was given access, was, in the opinion of Kedalion, information that, if it was generally available, a reasonable person would expect the information to have a material effect on the price or value of Cannon Shares or, except as disclosed in the Bidder's Statement, would otherwise be material to the decision by a Cannon Shareholder whether or not to accept the Offer.

10.12 No other material information

Except as disclosed in this Bidder's Statement, there is no information known to Kedalion and that is material to the making of the decision by a Cannon Shareholder whether or not to accept the Offer that has not previously been disclosed to Cannon Shareholders.
